

GAP4

THE COMPLETE PROGRAM

NUTRITION • PROTECTION • PERFORMANCE

GAP 4 is a ready-to-use, pre-mixed program that delivers powerful insect control, complete nutrition and advanced plant health benefits for ornamental turf and landscapes in South Florida.

ALL IN ONE, READY TO USE

NOURISH • PROTECT • STRENGTHEN

COMPLETE NUTRITION

Balanced nutrients and micronutrients promote greener, healthier, stronger and more resilient turf and ornamental plants.

POWERFUL PROTECTION

Broad-spectrum insect control to help stop damage from many piercing, sucking and chewing insects.

ENHANCED ROOT HEALTH

Supports strong root development and improves stress tolerance for healthier, more vigorous plants.

CONVENIENT & EFFECTIVE

Pre-mixed and ready to use—just shake, pour and go for fast, consistent results.

COMPLETE NUTRITION & PLANT HEALTH PACKAGE

20-20-20 NUTRITIONAL PACKAGE

- Complete, balanced N-P-K formula
- Promotes vigorous green-up and overall plant health
- Supports root and shoot development
- Enhances color, density and stress recovery
- Includes micronutrient support for optimum performance

1-9-8 PHOSPHITE TECHNOLOGY

- Potassium phosphite with secondary nutrients and chelated micronutrients
- Enhances root vigor and supports plant energy
- Improves stress tolerance (heat, drought, disease)
- Assists in suppression and prevention of certain root and foliar diseases
- Improves nutrient uptake efficiency

NON-IONIC SURFACTANT / PENETRANT

- Improves spray coverage and leaf wetting
- Enhances penetration and uptake
- Ensures uniform distribution of active ingredients and nutrients
- Maximizes performance and overall efficacy

POWERFUL INSECT CONTROL

ACTIVE INGREDIENTS:

Sulfoxaflor + Spinetoram

Broad-spectrum control of many common pests including:

- | | | |
|----------------|--|-------------------------------|
| ✓ Whiteflies | | ✓ Beetles (Adult Stage) |
