DIRECTIONS FOR USE

Top dress **Turf Pro 3** to your lawn beginning with the end of the summer deadline as specified by your local county ordinance.

Irrigate immediately after application. Apply enough water to ensure thorough coverage.

Turf Pro 3 will provide 6 to 8 weeks of nutritional calcium, sulfur, and potassium to your lawn. This product also contains Humic acid which in combination with the gypsum helps improve soil structure.

Apply fertilizer in accordance with best management practices established by your State University or Cooperative Extension Service. Observe any State or Local fertilizer regulations pertaining to fertilizer content, application rates, or timing of application specific to your locale

SUGGESTED RATES

- Can be safely applied to Zoysia and St. Augustine varieties at 4 pounds per 1,000 square feet
- Repeat every 6 to 8 weeks during fall-winter

authorities.
