

SHRUB SELECT[®]

21-4-8

PREMIUM CONTROLLED RELEASE FERTILIZER
FOR SHRUBS & ORNAMENTALS

PRODUCT DESCRIPTION

Shrub Select[®] 21-4-8 is a premium controlled-release fertilizer formulated specifically for shrubs, tropical ornamentals, foliage plants, and landscape applications in South Florida landscapes. Its balanced nutrition and polymer-coated technology provide steady feeding for 4–6 months while supporting lush green foliage, strong root development, and vibrant plant performance.

- ✓ Controlled release feeding for 4–6 months
- ✓ Promotes lush green foliage
- ✓ Encourages strong root development
- ✓ Ideal for tropical ornamentals and shrubs
- ✓ Reduces fertilizer burn risk through controlled nutrient release
- ✓ Excellent for landscape establishment and maintenance

IDEAL FOR

- Tropical shrubs  Landscape ornamentals
- Hedges  Hedges
- Herbage plantations  Foundation plantings
- Container ornamentals  Container plants
- Landscape beds  Landscape beds
- Tropical gardens
